Why/What is multimorbidity?

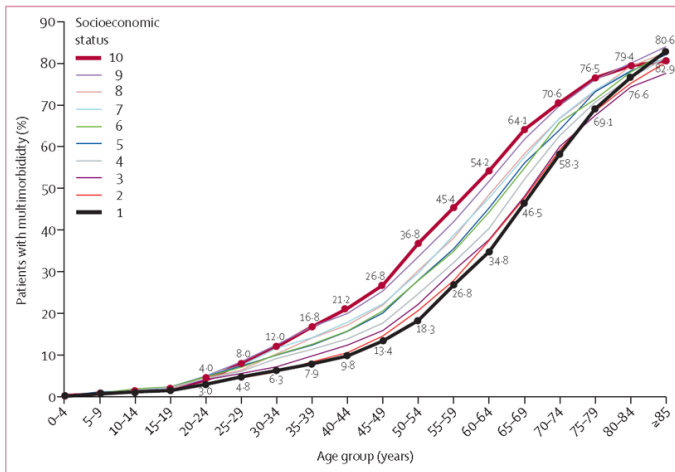

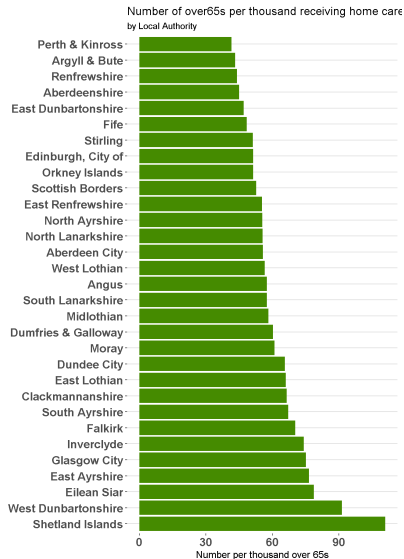

Figure 2: Prevalence of multimorbidity by age and socioeconomic status
On socioeconomic status scale, 1=most affluent and 10=most deprived.

Figure 1: Barnett et al.(2012). <https://goo.gl/GXBofo>

Why/What is social care?

2012 Social Care Survey, population estimates from NRS 2011 census estimate
Highland council removed due to large amount of missing data

Analysis

- Pilot project with data from Renfrewshire
- Main linkage project with national data

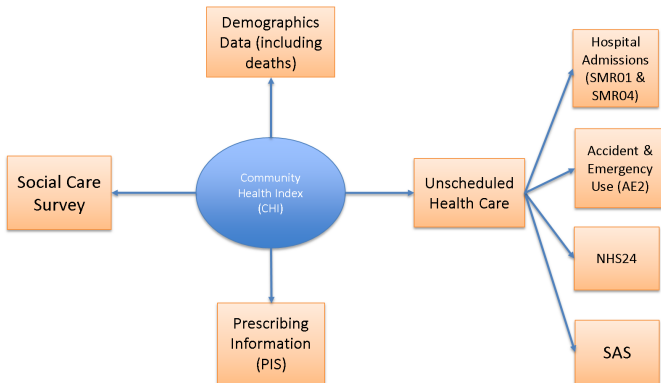

Renfrewshire social care data

Data on :-

- Hours of Home care
- Community Alarm/Telecare
- Other services e.g. shopping/laundry
- Client Group e.g. Dementia, Frail, Mental Health
- Day care services

Main Linkage project

Acknowledgements

- Supervision team
- Dr Mirjam Allik - UBDC
- Amy Tilbrook - eDRIS NSS
- Danny McAllion - Renfrewshire Council
- Ellen Lynch, Julie Rintoul - ASD Scottish Government
