

Multimorbidity and Access to Social Care

David Henderson

University of Glasgow

21st March 2018

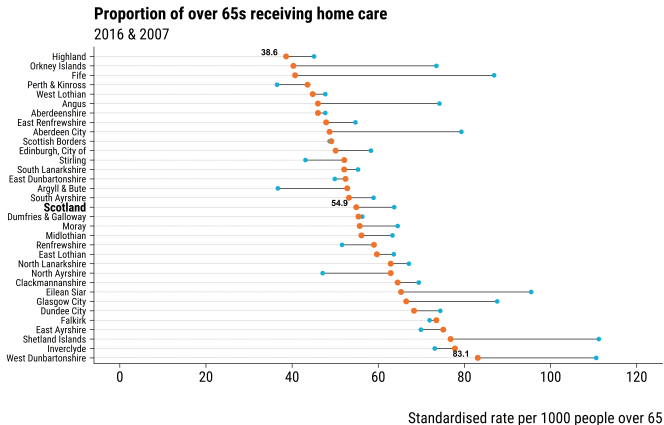

Introduction

- Quick update since September
- Background
- Renfrewshire council data preliminary thoughts
- What's next?

Three-minute-thesis

Renfrewshire Analysis

- Validate Social Care Survey
- 10 years of (continual) social care data
- SCS captures approx 60% of individuals receiving care
- Hours of home care delivered accurate for about 50% of individuals
- Small amounts of variation for majority of remainder

What's next?

- Main project
- Analysis underway

Questions
